

# LENSMETER

No Power Supply Required • Maintenance Free

LENSMETER  
**GL-30**

## Maintenance Free

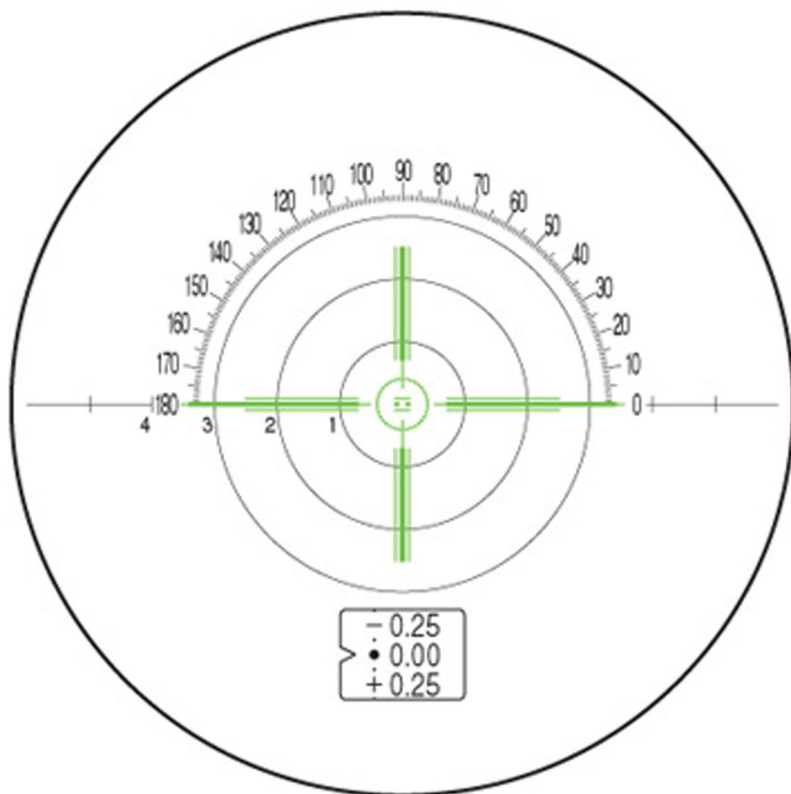

Using Clean Energy LED for the illuminant and no need to replace the bulb. It can be used for a long time even with the battery.

## Auto Power Off

The power automatically turned off at designated time.

## Target

"Cross Line Pin Hole Corona" makes easy to use.

## White Color Marking Cartridge

Marking Cartridge can be replaced easily without getting your hands dirty. White dots can be seen and confirmed easily on not only the regular lens, but also the dark sunglass lens. Since the light does not go through much with this white ink, it can be recognized easily on the Auto Centering

## Measurement of Contact Lens

Able to measure Contact Lens without any adjustment.

- Specifications and design are subject to change without prior notice for improvement.
- The color of instrument on the catalogue and the real product might be different.
